ATTORNEYS TO WATCH A VOTE'S OFFICIAL COUNT

All Counties in California Today Begin Work of Tabulation.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
SAN FRANCISCO BUREAU OF THE TIMES, Nov. 12.—The official count of California's vote in the Presidential election begins tomorrow morning throughout the State. On the outcome of this tally depends the action which the Republican State Central Committee may take toward a recount.

Accordingly, the count will be watched closely by representatives of the State Central Committee in every county seat. Attorneys have been engaged and checkers employed to scrutinize the count of every tally sheet.

Acting under the direction of the Republican State Central Committee, which has urged each county chairman to energetic action, the county committees have completed arrangements for the count. In each county the local committee has engaged an attorney to act as legal advisor during the count and the State Central Committee authorized his employment. The checkers of every tally sheet are to be supervised by the county chairman.

Everything ready. Sylvester J. McAtee, secretary of the Republican State Central Committee, reported today that every county chairman has undertaken the arrangements promptly and made answer to headquarters that everything is ready. Not a county has failed to prepare.

Except in the case of San Francisco and Los Angeles, the count of the tally sheets sent in by the precinct election officers will be held before the Board of Supervisors in each county. It is the duty of the supervisors to compile the returns from the tally sheets and certify them officially to the Secretary of State.

In San Francisco city and county the election returns are handled by the election commission, and in Los Angeles county by the registrar of voters.

In San Francisco, the count will begin tomorrow morning in the rooms of the election commission. In Los Angeles, the count will be held in the City Hall. The Republican State Central Committee is to be represented continuously during the progress of the tally by attorneys and checkers.

TO WORK IN RELAYS.
The attorneys are to work in relays, each with his own force of checkers. The moment one of the checkers finds anything questionable about any of the tally sheets or the count, the attorney is to go to the front and make the battle before the commission.

The Republican State Central Committee is still busy getting in figures on the individual vote where the tally sheets are to be counted. Whether anything will develop from this the committee says it does not yet know. But according to Secretary McAtee, it has found so far that Mrs. Carrie L. Tyler, the last elector on the Democratic ticket, was consistently scratched. This may work out, said McAtee, far enough so that the highest Republican elector, as supposed to be Carlisle, may prove a winner.

PADDED VOTE FOR WILSON INDICATED.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
SACRAMENTO, Nov. 12.—Conflicting reports of election irregularities and split tickets are pouring into Sacramento as the day for the beginning of the official count dawns. The greater part of these come from San Francisco, where it is alleged that the election officers in many South-of-Market districts padded the returns for Wilson when they found the Fourth Congress district was giving a good vote to Hughes.

Some of the irregularities already have been exposed by the proponents of the dry amendments. Precincts have been picked out where the returns on the vote were greater than the total number of votes cast. The districts where this occurred are the ones that went strong for Wilson. Some Republican enthusiasts are holding forth the hope that Wilson may lose 1000 votes on the San Francisco count alone.

There has been received from the country districts to indicate that gross irregularities have been committed. Corrections are still made, but they are only a few votes and are pretty equally divided between the two parties.

ALLIED AIR PROJECTILES CRASH IN GERMAN WORKS.
[BY ATLANTIC CABLE AND A. P.]
PARIS, Nov. 11, (via London, Nov. 12, 12:45 a.m.)—The official statement issued tonight reads:

"We delivered this afternoon a sharp attack on the village of Sallé, a greater part of which we recaptured. Our troops are occupying the northeastern and the southeastern outskirts. The struggle continues in the eastern part of the village. The number of prisoners counted exceeds 100, including four officers.

"South of the Somme, an attempt by the Germans against our position south of Prasnoire was repulsed. The artillery duel continues on both sides in the region of Ablancourt and Gamaucourt. One thousand kilograms of projectiles were dropped on the buildings which were damaged seriously. Three enemy machines were killed. On the following night, eight of our airplanes executed a fresh bombardment of these works. Several fires were observed. All our machines returned safely.

BRITISH EDITOR SEES ANOTHER YEAR OF WAR.
[BY ATLANTIC CABLE AND A. P.]
LONDON, Nov. 12.—J. L. Garvin, writing in the Observer, predicts that unless the Entente allies make more vigorous decisions the war will be prolonged far into 1918 as "the result of new outburst of German energy on all sides and the unity of direction under Von Hindenburg."

"The allies in the east have perpetrated almost every blunder left to them to commit," writes Editor Garvin, "after a previous record of mismanagement that seemed well-nigh insuperable between Arna and Noyes."

THE LOS ANGELES ADVERTISING SCORE.
In printing the advertising records of all the daily and Sunday newspapers in Los Angeles every day The Times does not attempt to mislead or deceive its readers by using figures that concern only certain kinds of advertising. It holds publishes the figures of all classes of advertising printed in each local newspaper.

The juggling of figures is left to those newspapers that dare not tell the whole truth and that have not the courage or fairness to make honest comparisons.

For the week ending Sunday, November 5, the Los Angeles newspapers published the following number of lines of advertising (800 space lines make one column):

SUBMARINE ACTIVITY.

Germans Accused in Paris Report.

Passengers of Arabia Saw Periscope of the U-boat Circling Vessel.

Teutons Highly Indignant at Sinking of Lifeboat by the British.

[BY ATLANTIC CABLE AND A. P.]
PARIS, Nov. 12, 12:47 p.m.—A wireless dispatch from Madrid says that it was a German submarine which sank the American steamship Columbian.

SINKING OF THE ARABIA.
LONDON, Nov. 12.—A dispatch to Reuters' Telegram Company from Malta, dealing with the sinking of the liner Arabia, says:

"Passengers of the Arabia who landed here say that the submarine was not seen, but that the wake of a torpedo was discerned. After the ship was struck the submarine periscope was seen 300 yards distant. The torpedo struck the bunkers near the engine room. Coal blocked the rent and stemmed the rush of water, which undoubtedly enabled the Arabia to remain so long afloat. The crash was terrific and the vessel swirled round under the force of the impact. Two engineers are missing and it is supposed they perished at their post of duty. The periscope was distinctly seen circling around the vessel after she was struck, but the submarine never came to surface.

"The passengers are convinced that the gravest disaster was only averted by the presence of mind of the European crew to whom had been allotted the watertight doors. Dr. Brodie, a passenger, relates that while he was in a boat he saw the submarine evidently being to board the steamer and secure the ship's papers. The open town of Athens also, frustrated this design."

REPORT ON ROWANMORE.
[BY WIRELESS AND A. P.]
BERLIN, Nov. 11 (via Saville, Nov. 12, 12:45 a.m.)—The official report of the German submarine which sank the British steamship Rowanmore, on which there were several Americans, says the Rowanmore disregarded the submarine's signal to halt, making it necessary for the submarine to fire a few shots in order to bring her to.

The Americans on board, as far as can be learned, consisted of several negro firemen.

No report has been received on the case of the British steamship Marina, which, with fifty-two Americans in the crew, was sunk by a submarine off the Irish coast.

Three other cases of the sinking of steamships have been submitted by the American Embassy to the Foreign Office. The vessels were destroyed in September. No evidence was presented in this connection to indicate that Germany's assurances in regard to the conduct of the submarine warfare have not been observed.

Affidavits obtained by the American consul at Liverpool said the Rowanmore attempted to escape, but the submarine continued to shell her after she had stopped.

The following announcement was made today by the Admiralty: "A German submarine stopped near Schouwen Bank (off the Dutch coast), the Dutch mail steamer Koninklijke Regentes, bound from Funching to London. The steamer was brought into Zebrugge."

"Immediately after she was stopped several bags, apparently containing mail, were thrown overboard from the steamer. One of them, which was recovered by the submarine, contained mainly newspapers for the Foreign Office at London."

"Thirty hostile citizens of military age who were on board the steamer were arrested. One of them was an Irish soldier on leave of absence from a Dutch detention camp."

A dispatch from London on Friday night told of the seizure of the Koninklijke Regentes. It was said Thomas Smith, Howard Kimbly and William R. Smith, the German submarine U-41, deliberately ran down a rowboat, containing the two survivors of the submarine's crew in an endeavor to remove the only witnesses.

"Indignation is growing in Germany," says the Overseas News Agency, "and the excitement stimulated by the fact that German submarines returning from trips report that they have been attacked treacherously by hostile merchantmen."

GERMANS INDIGNANT.
A dispatch from London made on the German public by the recent report from the Admiralty that a British patrol ship, flying the American flag, had destroyed the German submarine U-41, deliberately ran down a rowboat, containing the two survivors of the submarine's crew in an endeavor to remove the only witnesses.

"Indignation is growing in Germany," says the Overseas News Agency, "and the excitement stimulated by the fact that German submarines returning from trips report that they have been attacked treacherously by hostile merchantmen."

GERMANS LOSE RUSSIAN GAINS.

First-line Trenches Change Hands Continuously.

Winter at Hand, with Czar's Grip Unshaken.

Preventing Further Diversion to Rumania.

[BY ATLANTIC CABLE AND A. P.]
PETROGRAD, Nov. 12 (via London, 9:30 p.m.)—The last week has seen a continuous series of sharp thrusts and counter-thrusts along the entire southwestern sector of the Russian front, with both sides constantly drawn into hand-to-hand combat, during which first-line trenches changed hands with bewildering rapidity.

The net result has been slight progress for the Germans northeast of Baranovitch. Elsewhere, all positions recently won by the Germans have been wrested from them.

Field Marshal Von Hindenburg continues to hammer the Russian position in Galicia, southeast of Lemberg, where Russians are still threatening the Russian front. The Austro-German gains in this region are considered to have been only temporary, and, according to military opinion, winter will set in with the Russians still firmly holding the position won by Gen. Brusilov's offensive.

The Russian military critics are satisfied that the army is accomplishing its purpose by preventing a further diversion of Austro-German troops to the Rumanian front, which they assume to be of the greatest importance.

MOVE TO TEST VOTE OF ARIZONA.
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
BISBEE, Nov. 12.—M. E. Cassidy, Arizona chairman of the Finance Committee of the Republican National Committee, yesterday brought to the attention of the Finance Committee the possibility that the manner in which the Presidential electors were to be voted for was unconstitutional in Arizona. All of the electors are bracketed and the voter must cast his ballot for all or none.

The National Committee has the vote under consideration and Federal court proceedings may be brought to prevent the vote of the Electoral College.

LONDON TIMES RAISES PRICE.
[BY ATLANTIC CABLE AND A. P.]
LONDON, Nov. 12.—12:37 a.m.—The price of the Times will be increased to 2s. 6d. per copy from 2s. 4d. and other important daily newspapers probably will follow suit, says the Western Mail.

The cost of production, it adds, a number of leading newspapers are being conducted at a heavy loss.

FAMOUS CHEMIST DEAD.
Divorce Re-established in France through Efforts of Al. J. Naquet.
[BY ATLANTIC CABLE AND A. P.]
PARIS, Nov. 12.—Alfred Joseph Naquet, a noted French chemist and politician, through whose efforts a divorce was re-established in France in 1884, is dead.

Naquet was born Oct. 6, 1834, at Carpentras. He lost his profession in 1860. In 1869 he was elected to the Chamber of Deputies and was re-elected in 1876 and 1881. He was elected to the Chamber of Deputies and began arguing the French marriage laws. The proposal for re-establishment of divorce was adopted in 1884 and in 1886 through his efforts divorce became legal after three years of definite separation, on the demand of one of the parties concerned.

NATIONAL HIGHWAY.
Outline Plan for Park-to-park Route.
[BY A. P. NIGHT WIRE.]
PUEBLO (Colo.), Nov. 12.—The history of the park-to-park highway movement and its plan for the future were outlined here yesterday by John Holmes of Cody, Wyo., at a meeting of the National Park-to-park Highway Association.

Mr. Holmes said the route as proposed would include the national parks of the West and the States of "American millions going abroad to be spent, it will bring us European millions."

He declared there was nothing in Europe to compare with the natural spectacles to be reached by the proposed route. He said, he had the endorsement of the major highway associations.

FURIOUS BATTLE.
(Continued from First Page.)
In Transylvania the Russians are now solidly entrenched in the position which they can develop their plans with the maximum results and the minimum effort. A fairly decisive victory in this quarter would have an immediate effect on the situation along the entire front.

That Falkenhayn has only just realized the new menace is indicated by the hurried transfer of reinforcements to this sector in the last few days.

King Ferdinand's troops kept pace with the Russians during the day along the rest of the Western Rumanian front. In the Trotius Valley they swung toward the rear masses and seized Mt. Alunis and Mt. Preteceles, dominating heights that will strengthen any further advance against the enemy.

South of this region, near Cituz, more important heights—the summit of Lutet and Fatus—fell into their hands. The fighting here was of the most desperate nature, and the Russian troops, on each side, are recorded in the official communications from Berlin and Bucharest as having killed more than 1000 prisoners in the encounter, and claims the part of the Russian army.

VON BOEHMER'S DEFEAT.
The new Austro-German counterstroke in Galicia was its first success today. After a furious all-day battle, the German troops succeeded in penetrating the Russian position in the Hales sector, and wresting a section of them from the defenders.

Attempts of Letichy's forces to win back the lost ground during the evening were broken up by the intense fire of the enemy's batteries. A large part of the ground won by the Russians in the late afternoon was lost to the hands of the German troops, who appear to be firmly entrenched in the Hales sector.

The Russian hold on the important range of hills east of the Hales sector, however, and for this reason the Russian campaign of the Teutons have by no means relieved the threat to Lemberg's defense. [BY A. P. NIGHT WIRE.]
CHICAGO, Nov. 12.—A special warning to prepare for severe weather throughout the North and Middle West was sent out tonight by government Weather Bureau here. The cold wave is coming from the northern Rocky Mountain regions where temperatures ranging from zero to ten below were recorded this morning.

Shippers were advised to protect shipments passing through Chicago up to Tuesday night for temperatures ranging from zero to twelve above.

FREEZING AT BILLINGS.
[BY A. P. NIGHT WIRE.]
BILLINGS (Mont.), Nov. 12.—At 10 o'clock tonight the local government Weather Bureau recorded a temperature of seventeen below zero and a barometric pressure of 27.32, the highest recorded in 27.32 years the station has been established. The maximum temperature was 16 degrees above zero at 6 p.m. was five above zero. A break in the cold wave is not expected before Tuesday.

AT HELENA.
[BY A. P. NIGHT WIRE.]
HELENA (Mont.), Nov. 12.—The mercury is expected to drop to twenty degrees below zero in Helena by dawn tomorrow, but the local weather bureau promises a break in the cold snap at noon and then after mild weather for ten days. All sections of Montana report severe weather except west of the divide where the mercury hangs above zero. Kalspeller reports sixteen below zero at Helena, and at Great Falls it was 16 below zero at 6 o'clock. In the snow the last three days seems to have been general east of the divide.

HENS LAY EGGS BY ELECTRIC LIGHT.
Many Think It Is Daytime and Get Busy.
Gorman Way Rancher Experiments with Electric Light in His Chicken-house for the Purpose of Determining the Effect it Has on the Egg Production.

LOCAL CORRESPONDENCE.
VAN NUTS, Nov. 12.—It is feared that the Van Nuts hen will soon lay eggs with the cohorts of the night. Artificial light supplied by electric lamps has proved to be the best way to get the hens to lay eggs during the night. The Van Nuts hen does not scratch and eat so much as a consequence the rancher has to perceive a shortage in the supply, and just at the time when eggs are almost worth their weight in gold.

LOCAL CORRESPONDENCE.
VENTURA, Nov. 12.—The Ventura Construction Company's bid for the building of the county road from Santa Paula to Ventura, was accepted yesterday. The letting of the contract was on the selling of \$150,000 of bonds and the early securing of the money. That no legal delay would be brought from Los Angeles to Ventura yesterday by the Treasurer Peck with county funds acting as a bodyguard and meeting him to place the money in receiving vaults. The commission, including the premium, was \$165,975, which was paid and brought in sixteen bags of \$100 each and a suit case containing 400 pounds of gold.

LOCAL CORRESPONDENCE.
LOVE PINE, Nov. 12.—Before a crowd of 500 persons and with musical accompaniment, the corner-stone of the first Episcopal church in Inyo county, a territory of more than 10,000 square miles, was laid Thursday morning in the town place at the foot of Mt. Whitney. And in it, too, with a copy of the Los Angeles Times and other papers, was laid a half of a silver bar, metal from the mountains nearby thirty years ago. It was presented to the church by the pioneer Catholics. The other half of the bar was made into a plate and driven into the ground when the standard was raised, for the extension of the territory now claimed, was the very thing which the Episcopal church in Inyo county is now claiming.

Taxing the War Profits.
[Toronto Mail:] Australia is going to confiscate all war profits beyond a certain small excess. The excess profits legislation in Canada, under which about 2500 firms and companies will pay about \$25,000,000 in all, did not apply distinctly to "war business" profits. The war has a considerable way to go, however, and Canada will need more revenue, and the taxes on profits authorized at the last session were retroactive.

CHARLEY CLAY
A GOLF CHAMP.

Modest Expert Bursts Forth in
Brilliant Style.

Takes Class A Sweepstakes at
Griffith Park.

Kammeyer and Benton Get
Next Best Honors.

Charles V. Clay, whom we recall to memory as having won a fourth flight cup at Del Monte two years ago, but who has since hidden his golfing light with retiring modesty, burst into fame on the Griffith Park links yesterday with the best gross score of the day with 77, and 50 per cent. of the Class A sweepstakes with 77-10-67.

Official handicapper snorts and makes drastic corrections. Especially as it did not appear to be a mere slice of luck, for the Clay style of play gave an impression of form which no 10 handicap can get away with. In appearance he is a civilian and groomed edition of Charlie Chaplin, but his golf is not anything like that.

E. C. Kammeyer of the Annandale Country Club and A. G. Kammeyer, junior, were both culling laurels and balls in the sweepstakes, too. E. C. Kammeyer of the Annandale Country Club and A. G. Kammeyer, junior, were both culling laurels and balls in the sweepstakes, too.

First place in the Class B event went to O. H. Scriven with 80-14-66, and he, too, has attracted snorts from the handicapper. J. J. Collins was second with 84-16-70, and F. R. Richardson third with 87-16-71. A Richardson of some initials always manages to reap some sort of a harvest in the weekly sweepstakes out there.

G. W. Whitney was first in Class C with 83-22-66 and is suspected of breaking 90 for the first time in his golfing career, one week's work duly permitted. A. G. Kammeyer, Jr., was second with 89-22-67, and E. F. Carlander third with 90-22-68.

This array of good scores is attributed to the fine condition of the municipal links which are declared by its devotees to be as good a course as any. They are soon to doctor the greens with fly-screens sand, when they will then be on a par with the wealthiest country club greens.

Judge Frederickson, Harold D. Benton, J. S. Aborn and Dick Torrey, the latter an eastern player from New Jersey of 2 handicap standing, played an interesting foursome yesterday, tying the match and having a best ball of 69 between them.

Mr. Torrey, as a front rank player, naturally created considerable interest and is expected to vouchsafe some dazzling scores when he has become accustomed to the local course. He is expected to vouchsafe some dazzling scores when he has become accustomed to the local course.

GARTZ IN FRANCE.
Golfers will be interested to hear that Cranes Gartz, formerly of Annandale, Midway and Altadena, is in France and qualifying for the aviation corps. He has served six months with the American ambulance corps and covered himself with glory. He will visit Russia before returning home.

A popular form of amusement just now amongst golfers is fixing one's real life chances. Van Loan's recent golf story in Collier's. The decisive autocrat is certainly no other than the two "heroes," the gentleman who won matches on the rules irrespective of skill, and the gentleman of Irish finances who insisted upon treating everybody with alarming patronage, are currently claimed by golfers.

TOKAY WINNER
AT TIA JUANA.

SAN DIEGO, Nov. 12.—Another record crowd turned out this afternoon to witness the second day's card of the winter meet. Among the crowd were well-known sportsmen from all parts of the State.

The feature race was won by Tokay, who got away to a poor start, made up ground on the back stretch and closed in a hard stretch drive, out-gaming Fascinating for the Loma Portal Handicap, \$500 purse. Van Dusen gave the winner a clever ride.

Results:
First race—Square Set (O'Brien), 110, first; Judge Sanderson (Mory), 107, second; Ella B. (Stevens), 102, third. Time, 1:01 1-5.

Second race—Van Horn (Ormes), 112, won; Quick (H. Schilling), 112, second; Palma (McCloskey), 112, third. Time, 1:07 4-5.

Third race—Rosellini (Stevens), 105, won; Nettie Walcutt (Shearer), 104, second; Maud Smith (Pauley), 109, third. Time, 1:08.

Fourth race—Tokay (Van Dusen), 104, won; Fascinating (Pickens), 105, second; Executor (Pickens), 103, third. Time, 1:09 3-5.

Fifth race—General (H. Schilling), 107, won; Ida Lavina (Ormes), 109, second; Ida Cummings (T. Hayes), 106, third. Time, 1:06 3-5.

BIGAMIST HAS SEVEN WIVES.

Aged Man in Jail Admits is Married to Many.

Claims that it was All Due to Memory Lapse.

Texas Woman had a Dream Which Came True.

(LOCAL CORRESPONDENCE.)
LONG BEACH, Nov. 12.—While information percolated through the police channels which tended to show that Henry H. Burgess, alias Hall, married three more wives, making seven in all, the aged City Jail prisoner gave out a statement that he was suffering from a lapse of memory when he married his wives, according to the police. It is now certain that Burgess is one of the most married men who have ever been arrested in California. Detectives Mitchell and Cervantes have sent his description far and wide, in order to unearth possible victims of his love-making.

When the statements of Mrs. Elsie Murray Hall, who says they are respectively wives Nos. 3 and 4, were shown Burgess, he is said to have confessed to marrying four wives without being separated from any.

"But I did not know what I was doing," he told Detective Mitchell. "I suffered a complete lapse of memory. I forgot about the other wives. When they told me that I had married them I thought they were joking. If I had married them, and I suppose that I did, I was not the same person that married Emma."

Mrs. Emma Hall was his first wife. FIND LETTERS.

The detectives, on going over Burgess's correspondence today, found letters from women in Chicago and San Diego. Each was written in tones of endearment, as from wife to husband, and each mentioned the inclosure of money. Burgess secured \$150 from the alleged wife No. 5 in Chicago, and \$65 from the supposed wife No. 6 in San Diego. The officers have telegraphed these women, whose names they are keeping secret. They suspect that a seventh woman, in Kansas City, may have been the wife of Burgess.

Mrs. Josie Bolla Hall, of Santa Ana, who signed the complaint alleging bigamy, which placed Burgess behind the bars, states that a not unusual revelation, a dream, was responsible for her taking the trail of the alleged bigamist.

For a long time I heard nothing of Mr. Burgess, or Mr. Hall, as I knew him," she said today. "Then, one night, I had a dream that he had married another woman, in Santa Ana. This was when I lived on my ranch in Texas."

I wrote to the Orange County Recorder, and found that my dream was true. He had married Mrs. Elsie Murray in September, of last year. I came to Santa Ana, and began advertising in the papers for her. I found her, and we compared notes, finding that the man whom we both thought was our legal husband had also married Emma Hall in St. Paul, Minn., and Mrs. Little Beck Hall, in Omaha.

I hope now that he is in he will not get out.

Detectives Mitchell and Kutz today discovered scars which they say were caused by the wearing of a ball and chain, on both of Hall's legs. Mrs. Bolla Hall states that Burgess, alias Hall, served a term in the Oklahoma penitentiary. Himself, she admits to have been given a sentence for vagrancy in St. Louis.

Mrs. Elsie Murray Hall is now living with Mrs. Elsie Beck Hall, and the two women are the closest of friends. Determined to make the man suffer for his alleged bigamy, they have combined forces and will testify against him when he appears before Justice Brayton tomorrow morning.

Hall, alias Burgess, fell in a swoon today when told that three of his alleged wives were in Southern California. He refused to testify against him. Dr. Terry was called and examined him. The physician stated that Hall, although he is 57 years of age, is in good physical condition, the shock of the officer's revelation having only a temporary effect on him.

Dr. W. Gillespie was shot in the left forearm, and Officer Robertson narrowly escaped bullets fired by an unknown man at a first street and Elm avenue early this morning. The police are searching for the fellow. Gillespie called the police shortly after midnight, saying that a prowler was hanging around his house.

Robertson responded, Gillespie closed with the unknown, who knocked him down and fired. Robertson opened fire on the man, who returned his shots and disappeared down an alley.

TO HELP GERMANS.

Committee of Leading Citizens Form Organization to Aid Widows and Orphans of the Central Powers—Will Open Headquarters.

Headquarters will be opened today for the conduct of a campaign to raise funds for the relief of the widows and orphans of Germanic countries, at No. 401 South Spring street.

The United States has been liberal in its help to other war-stricken nations of Europe and there is every reason to believe that this humanitarian move will meet with a ready and generous response.

"The campaign will last two weeks," said Mr. Wing. "The need is great, the time is short. We can do nothing but make a hard straight drive for cash. As the committee proposes to pay all expenses, every dollar subscribed will be placed in the utility of the fund."

Mr. Gerard, American Ambassador to Berlin.

Make all checks payable to E. G. Judah, Forster, Judge Walter Bordwell is chairman, and R. W. Burnham is secretary of the committee.

Seek Light.

(Continued from First Page.)

life and liberty for love of the older and disolute brother, he hesitated about making public the confession, but finally he confided the confession to friends. These friends immediately set this man, the machinery of the law to liberate the prisoner.

Greaney, who was noncommittal during the trial, the young Cramley, is sought by Deputy Selph, as it is believed she can throw real light on what occurred at the Fear home. At the time of the murder it was supposed she was engaged to marry Howard Cramley. When the verdict of manslaughter was reached, Mrs. Greaney is alleged to have said that if Howard had kept his mouth shut the younger man would never have been convicted.

Since entering the prison at San Quentin, Avalon Cramley has never by word or act indicated he held any resentment toward those who caused his conviction. Until recently he has remained mute on the subject. Then Mrs. Greaney, who is No. 1428 Lake Shore avenue, this city, who was in charge of Mrs. Greaney during the trial, wrote Avalon that there was about to be put in motion a petition for his liberty.

HIS FIRST COMMENT.

For the first time since his imprisonment the boy expressed an opinion, remarkable because of its mildness and the absence of censure for anyone. In part, the letter read:

"If I am ever given my liberty, I will do my utmost to prove to you and the world that it was a mistake to send me to this place. No doubt you will think that I have been a very foolish boy for keeping silence all these long years, but please think this over, and yourself in my place. What would you have done?"

"I, like many others in this place, have had hopes that I would come out sooner or later; in fact, that is all we think and pray for here. I would like to thank you properly for all you have done for me, if I had the words to express myself. It would please me to send you any information about my case or any of those concerned in it that I can."

Thanking you sincerely for what you have done for me, I am, "Respectfully yours,"

"AVALON CRAMLEY (No. 25,752)." The number after the boy's name is the one by which he is identified in San Quentin.

FIND MAN DEAD IN LODGING-HOUSE.

WOMAN FRIEND SAYS HE SHOT SELF WHILE DESPONDENT.

Bullet Entered Right Temple, While Revolver was Found in Left Hand—Police Investigators Make Formal Report that Shopman Had Taken Own Life.

John A. Logan, former foreman of the Southern Pacific shops in Bakersfield, was found dead in a lodging-house at No. 124 South Main street early yesterday morning, with a revolver in his left hand. The bullet had entered the right side of his head.

In the room at the time of the tragedy was Mrs. C. McCurtie. She is a lodger in the rooming-house, and had known Logan for several years.

Her explanation of the tragedy was that Logan had been despondent and she had visited him in his room to inquire what was the trouble. She said he excused himself, and went down to the street, where he purchased a revolver.

When he returned to his room, she said, she went to his room again, and asked again if he could be of any aid. She said Logan told her he was going to shoot himself. Then she said he struck her, and shot himself in the head.

From the appearance of the room, it is not probable Mrs. McCurtie exaggerated the report of the struggle in the least. Nearly everything in the room had been involved, carpet, furniture, and the bed, was thrown about. And the revolver was in Logan's left hand, although the bullet entered his head from the right temple. How he was able to so direct the bullet with his left hand is a problem Coroner Hart will endeavor to solve.

Mrs. McCurtie said she saw Logan shoot himself while holding the revolver in his left hand. She was not detailed by the police, and the investigators delivered a formal report to Chief Butler that Logan had committed suicide.

Logan had a permanent room at First and Wilmington streets. He is reported to have been a member of a well-known family in Richmond, Va. His exact age is unknown, but he is between 40 and 50 years old.

RAID ON NECKTIES.

Collector of Neckties is Left Scarred by Prowler.

Until yesterday William H. Lesner was proprietor of one of the finest private assortments of neckties in the city. A thief called and where the former tonsorial glory bloomed now is only a rack.

The ties were of every color, every shape and every texture. Some were treasures of the loom, costing \$4 and \$5 each. They had been collected at great expense and with extreme care by Mr. Lesner, who made the tying of his cravat a work of ceremony and of art. The collection was valued at \$200.

Mr. Lesner had an apartment at No. 941 Georgia street and during his absence the thief entered it and selected, besides the ties, two expensive suits of clothes, an overcoat, a half dozen silk shirts and as many suits of underwear, and a pair of shoes.

LOWER CALIFORNIA RANCHERS LUCKY.

(LOCAL CORRESPONDENCE.)

CALEXICO, Nov. 12.—Ranchers in Lower California are receiving \$30 a ton for cotton seed, an increase of \$2.50 a ton within the last few days. Imperial county ranchers are receiving \$40 a ton. One buyer was this week paying \$42.50 a ton, and another \$45 a ton. The price to \$45 when a cotton gin is in operation.

TO APPEAL CASE.

California Fruit-Candy and Cereal Company Notifies Corporation Commission that it will Ask Superior Court to Make Ruling.

Through its attorney, the California Fruit-Candy and Cereal Company notified Corporation Commissioner Carnahan Saturday that it will take an appeal to the Superior Court from his decision denying the concern the right to issue \$34 shares of stock and to dispose of certificates of indebtedness to the amount of \$50,000.

In his decision, the commissioner said: "The association in the enterprise of Charles A. Elder, who now stands convicted of fraud in an enterprise, one of the most vicious frauds of the state, is not conducive to a conclusion that it will be honestly managed in the interest of those who may be persuaded to invest in its paper."

JITNEY BUS HAS SMASHUP.

One Chinaman Killed and Two Others are Hurt.

Bus Runs into a Street Car Full Speed.

Motorman Claims He Gave a Warning Signal.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) SANTA BARBARA, Nov. 12.—One Chinese was killed, one perhaps fatally injured and a third badly cut at 11 o'clock last night when a jitney bus in which they were riding ran into a street car here.

The driver of the bus, Louis Bauhaus, was cut about the forehead.

Lin Lee, a merchant at No. 16 Canon street, this city, was instantly killed.

Lee Gun, a laundryman of Carpinteria, is at St. Francis Hospital with a possible fracture of the skull.

Lin Kwach of No. 16 East Canon street was injured about the arms and legs.

The collision happened when both vehicles were going up at a fair rate of speed, according to witnesses.

but the driver of the jitney was on the wrong side of the road near the middle of the street. The motorman claimed that he saw him and gave a warning signal and the driver appeared to be about to turn out, but instead, swung in front of the trolley.

In the crash that followed the three passengers and driver were hurled to the front of the automobile against the street car. The automobile was demolished and the Chinaman, who was killed, was buried in the wreckage.

Ambulances took the injured to St. Francis and the City Hospital. Two other residents of this city had left the jitney but two blocks before the place where the accident occurred, on East Milpas street. The bus belonged to the Powers Bus Company which operates between this city and Carpinteria.

FOR CELEBRATION.

Arrangements Perfected for a Holiday to Commemorate the Completion of the Highway Joining Sawtelle with Santa Monica.

(LOCAL CORRESPONDENCE.) SAWTELLE, Nov. 12.—Arrangements are about completed for Sawtelle Street Celebration Day, December 16, which it to mark the completion of the paving of Santa Monica boulevard through Sawtelle. It is to be an all-day civic demonstration of city officials and civic bodies from Santa Monica, Ocean Park, Venice and other municipalities of Southern California have accepted invitations to be present and join in the festivities. Members of the automobile associations and other bodies will also honor the occasion with their presence.

Plans for the day include a morning auto parade through Sawtelle and the beach cities of Santa Monica, Ocean Park and Venice, which is to have some novel features. An old stage coach, a truly historic conveyance, which figured in a hold-up in the early days, with the bullet holes made by robbers still plainly showing, will be entered in the parade. The celebration Queen and her court will ride in state and preside at the evening dance to be held on the newly improved street.

At noon a barbecue, free to all, is to be served. It is to be typical of California, with the famous Spanish dishes being served. A marathon race to cover ten miles, under the

auspices of the Amateur Athletic Union, will be a feature of the afternoon. Many of the prominent runners of Southern California are expected to compete. There will be other athletic events, contests and competitive drills.

Three bands are to furnish music for the occasion. The Santa Monica Municipal Band will be in the parade. In the afternoon the Venice of America Band will give a concert, while the Sawtelle Municipal Band will play in the evening in concert and for dancing on the street.

HUGE COTTON SEED OIL MILL.

(LOCAL CORRESPONDENCE.) CALIPATRIA, Nov. 12.—A cotton seed oil mill at Calipatria of a capacity large enough to handle the output of a large part of Imperial Valley is planned by the Balfour-Guthrie Company, active in the development of the cotton industry in the northern part of the valley. This announcement was made by R. F. McLeod, representative of the company. Plans for the mill have been approved, according to Mr. McLeod, and it is proposed to complete the mill and have it ready for operation by July 1, 1917.

The continuously increasing acreage being planted to cotton in the vicinity of Calipatria has had the effect of causing this city to wake up as a "cotton center." The Balfour-Guthrie Company this year planted nearly 7000 acres of cotton, while numerous smaller fields are giving indications of a heavy production.

An Army of Internal Bathers

Over half a million bright, keen, up-to-date Americans have found that internal bathing is more effective to their well-being than external baths.

Have found that taken occasionally at night, they feel like different people the next morning. No more of that bilious, nervous condition—bad habits, indigestion, a nervous system, a warm water bath, a clear-headed and confident, and capable for the duties of the day.

J. R. L. Casadeo writes: "I got a lot of medicine from you and I am glad I did. It works fine. I haven't used any medicine since the 'Casadeo' arrived—do not need it. I used the 'Casadeo' according to directions. It works fine. Just what you say it will. It makes me feel like a new man. I am using the 'Casadeo' once a week now, but don't need it so often."

Why not learn more about this rapidly growing and natural practice? The "J. R. L. Casadeo" is the original and best appliance for this purpose, manufactured by Chas. A. Tyrrell, M.D., is now being shown and explained by all Owl Drug Stores. There also may be obtained free on request, "Why Men of Today are Only Too Prone to be Sick," a most interesting booklet on the subject.

HUGE COTTON SEED OIL MILL.

(LOCAL CORRESPONDENCE.) CALIPATRIA, Nov. 12.—A cotton seed oil mill at Calipatria of a capacity large enough to handle the output of a large part of Imperial Valley is planned by the Balfour-Guthrie Company, active in the development of the cotton industry in the northern part of the valley. This announcement was made by R. F. McLeod, representative of the company. Plans for the mill have been approved, according to Mr. McLeod, and it is proposed to complete the mill and have it ready for operation by July 1, 1917.

The continuously increasing acreage being planted to cotton in the vicinity of Calipatria has had the effect of causing this city to wake up as a "cotton center." The Balfour-Guthrie Company this year planted nearly 7000 acres of cotton, while numerous smaller fields are giving indications of a heavy production.

An Army of Internal Bathers

Over half a million bright, keen, up-to-date Americans have found that internal bathing is more effective to their well-being than external baths.

Have found that taken occasionally at night, they feel like different people the next morning. No more of that bilious, nervous condition—bad habits, indigestion, a nervous system, a warm water bath, a clear-headed and confident, and capable for the duties of the day.

J. R. L. Casadeo writes: "I got a lot of medicine from you and I am glad I did. It works fine. I haven't used any medicine since the 'Casadeo' arrived—do not need it. I used the 'Casadeo' according to directions. It works fine. Just what you say it will. It makes me feel like a new man. I am using the 'Casadeo' once a week now, but don't need it so often."

Why not learn more about this rapidly growing and natural practice? The "J. R. L. Casadeo" is the original and best appliance for this purpose, manufactured by Chas. A. Tyrrell, M.D., is now being shown and explained by all Owl Drug Stores. There also may be obtained free on request, "Why Men of Today are Only Too Prone to be Sick," a most interesting booklet on the subject.

SAWTELLE, Nov. 12.—Arrangements are about completed for Sawtelle Street Celebration Day, December 16, which it to mark the completion of the paving of Santa Monica boulevard through Sawtelle. It is to be an all-day civic demonstration of city officials and civic bodies from Santa Monica, Ocean Park, Venice and other municipalities of Southern California have accepted invitations to be present and join in the festivities. Members of the automobile associations and other bodies will also honor the occasion with their presence.

Plans for the day include a morning auto parade through Sawtelle and the beach cities of Santa Monica, Ocean Park and Venice, which is to have some novel features. An old stage coach, a truly historic conveyance, which figured in a hold-up in the early days, with the bullet holes made by robbers still plainly showing, will be entered in the parade. The celebration Queen and her court will ride in state and preside at the evening dance to be held on the newly improved street.

At noon a barbecue, free to all, is to be served. It is to be typical of California, with the famous Spanish dishes being served. A marathon race to cover ten miles, under the

auspices of the Amateur Athletic Union, will be a feature of the afternoon. Many of the prominent runners of Southern California are expected to compete. There will be other athletic events, contests and competitive drills.

Three bands are to furnish music for the occasion. The Santa Monica Municipal Band will be in the parade. In the afternoon the Venice of America Band will give a concert, while the Sawtelle Municipal Band will play in the evening in concert and for dancing on the street.

POLICE HUNT FOR MAN MINUS UPPER TEETH.

(SPECIAL CORRESPONDENCE.) VENICE, Nov. 12.—Both the Venice and Santa Monica police are looking for a man who is minus an upper row of teeth. The man, who is said to have used the name James Williams, used a new angle for an old game. According to Dr. O. K. Mapes, a

dentist, of No. 134 West Fifty-fifth street, Los Angeles, the man presented himself at the dental office of the latter and said that he was anxious to get the upper row of teeth as he found eating steaks and the like rather hard. The dentist is said to have examined his mouth

and measured him for a set of false teeth. As is customary, the dentist asked for a deposit of a portion of the fee. The man said he had nothing but a check, one for \$20. A deposit of \$15 was made and \$15 was returned to the man.

When the dentist went to cash the check, which was supposed to have been signed by Laura A. White, and was on a Los Angeles bank, he was unable to get back his money. He immediately reported the case to the police, who are now seeking the toothless man.

VENICE MAY VOTE ON JITNEY LINE. (LOCAL CORRESPONDENCE.) VENICE, Nov. 12.—Venice may soon have a chance to vote on an initiative proposition to allow the Los Angeles-to-the-beach jitney to operate between this city and Los Angeles.

A petition, said to have enough names on it to make the calling of an election mandatory on the trustees, has been circulated about the city and will probably be filed with the board at tomorrow's session.

Summary.

IER COPPER PRICES PRODUCERS' FORECAST.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

(Mass.) Nov. 12.—Bos-
wells Bureau summary:
week closed with very
low in the money market.
Bills are not very flush and
the outside market to any
extent. A few banks
ought to receive a
higher rate for call
coopers as collateral be-
cause strength in that grade
is weak. Some attempt may
be made to advance call rates next
week 10 per cent, although the
extreme ease in

set higher production cost, however
as to make the latter relatively un-
important at this time.

The situation may be summed up
as follows: Labor is the big factor
and the advance in wages which
have been freely granted have ad-
vanced copper cost a cent a pound
and more. Frantically all supplies
show big price rises, notably
powder, fuel oil and timber. The
biggest jump, however, has been in
tools and drills, which have ad-
vanced in some cases 50 per cent.

CAR SITUATION.

Railroads have recently been ma-
terially increasing their equipment
purchases in order to alleviate
the serious car shortage which ex-
ists throughout the country. Ca-

money to brokers is 3 per cent. Time money is un-
usually scarce. The bank
3% and 4 per cent for
commercial paper. The
3% and 3 1/2 per cent for
for six months. The call
average rates at 2 1/2 and 2 3/4
money, 3 1/2 per cent.
The supply is plentiful.
The demand is compara-
tively easy. The rates for
six months and six months
loans, which are lend-
ing, are 4 per cent.
Effectively. There is only a
market for mixed money.
The rates are 3 per cent

that the next big loss in the market will be a straight obligation unsecured by any assets. The market is asking similar terms for this in this country, not excluding the fact that it will be at its lowest level in the course of the year, and in future efforts will be made to secure bonds.

COPPER MARKET.

The full knowledge of the market for domestic copper is not satisfied, producers of spot copper will rise to around which would follow, carry first quarter of the 32 1/2 cents and second quarter 32 1/2 cents. The leading producers abroad quoted 32 1/2 cents for 1,000,000 lbs. of copper, but for December delivery on business actually at 32 1/2 cents for small quantities. The spot copper. This is a new high price. Negotiations the price on convention. Nominal quotation value, as producers practically all their present the first half of next

"JERRY" DOESN'T AFFORD NEW ACTRESS OPPORTUNITY.

By Henry Christeen Warnack.

In a world possessed by a variety of personalities many freaks and atrocities must appear as a plague to nature, yet none is ever so freakish or quite so atrocious as an American character written into an English novel or an Englishman as presented in an American play. If ever there was a character who was it will be on account of the way the English label us in their caricatures, the manner in which we are treated upon the stage. A full-fledged conception of a character would have more sympathy and intelligence about it than H. G. Wells, in his last big novel on the war, has of an American; and a deaf and dumb Indian's description of Englishmen would be eloquent in comparison with the character of Peter Flagg, both as he is written by Catherine Chisholm Cushing in her play, "Jerry," and as he is acted by Richard Dix at the Morosco Theater this week. The authors made poor Peter utterly spineless and about as exciting as a starburr ice, and the actor makes him speak the dialect of a southern dandy.

"Jerry" has other faults in the way that it is written and cast, along with features of merit. It never was a play, but was written as an excuse for Billie Burke. This may be one of the reasons why it is no excuse for Ruth Robinson.

Of course, they play it differently. Miss Burke staging the third act in pink pajamas (a tribute to her complexion and my memory,) and Miss Robinson affecting a baby blue in contrast to eyes and hair of dark hue.

Miss Burke is not much of an actress, but has so much personality which the audience of yesterday afternoon laughed with free heartiness; yet, like all made-to-order plays, this one suggests that perhaps a woman star should get her dramas from her dressmaker and order her gowns from her playwright with better results.

he does, in the main, set things right in the town. He performs some clean-up—feats which it would appear only Samson before the tonorial attentions of Deilah could have done. Still, the picture is there to prove it, so we must believe.

Palace.
W. & Hart is the only one of the old guard who remains serious. And very good drama indeed is "The Patriot," which Hart for the hundredth time redresses his evil ways and becomes "good" in the last reel. The picture will appeal especially to women and children, as the child actor, George Stone, plays a big part, first as the little boy who dies of the desert fever, and afterward as the little orphan boy who leads the embittered soldier deserter back to a proper reverence for the Stars and Stripes. The scene of the defrauded

RARE VIEWS OF CHINA.

HUMAN INTEREST MARKS FILM TRAVELOGUE.

By Edwin Schallert.

Rare glimpses of what a nation of 400,000,000 persons is doing in a land that has always been enveloped in a strange romance are afforded in "A Trip Through China," a travelogue of the kind which human interest is preeminently a study of conditions, this phase is not insisted on, with the result that the film is vastly entertaining as well.

Naturalness pervades the entire picture; there is little or no false posing before the camera. It is a varying panorama of life and movement as it exists in the Oriental country. Cities within cities are shown; houses huddled close upon one another; river boat homes packed together with a seemingly impossible tangle of masts; then palaces and great pagodas with carvings of marvelous intricacy, and above all the Great Wall extending over mountain peak to mountain peak, with the spirit of dead deity hanging about it.

No scenes are more interesting than the ones showing the struggling laborer at work carrying or hauling an inconceivably huge weight, the prison inmates forced to do even more arduous feats, the rivers of humanity in all too narrow streets. There are tombs of ancient kings with weird-looking graves and animals perched above them. There is a funeral procession with all its peculiar attendant customs, and again a wedding procession with views of strange ceremony. The fearful havoc wrought by a typhoon, particularly amid the floating river homes, is the subject of another part of the picture.

The film was secured by Benjamin Brodsky, who has been the pioneer of the picture business in China. Mr. Lawrence is bringing out the salient points, very intelligently in his accompanying lecture.

Winifred Kingston.

Appearing with Dustin Farnum in "A Son of Erin" this week at the Auditorium.

In pursuit of foreign spies, and the job appeals not only to his love for the spirit of adventure, but to his sense of humor. How he deceys the criminals into stealing some perfectly worthless government belongings, and then traps them in an ingenious way by the use of a simple little electric wire, is the story revealed. Bushman appears to very good advantage, as does also Evelyn Bayne, who has not much chance to act, but still continues to "look" at it. At minute performances, an additional attraction is the comedy of "The Prince and the Pauper."

Miller's.
George Walsh, too! George starts out for a certain mining locality known as Peaceful Hill, and after the first look, vows "he'd admire the chance to make it peaceful. Which he does by means of much fastidius warfare. A sort of modern Don Quixote is the role of the westerner he plays. While on the one hand he tilts a few windmills, in the form of championing the cause of a young wife fighting with her husband, receiving a whack over the head with a frying-pan for his pains,

hero returning from his fruitless visit to Washington to find his child dead is one of the most gripping scenes of the picture. The story is clean-cut and well played throughout. The Keystone comedy brings out more laughs than any that has been shown in some time.

Maybe Charlie Chaplin has done something funnier than "Behind the Screen." If so, I have failed to see it. The comedy is the feature this week at the Garrick. Behind the Screen is an uproarious revelation of things in a motion picture studio. That Charlie himself is "Props" adds much to the gaiety of the occasion. Ever since "The Yellow Jacket," and also since the advent of Ken McGaffney's "Pete Proper" in photoplay, we have known that the property man is a very funny person. And now comes Charlie Chaplin with irrepressible "Pete Proper" of course, if Chaplin wanted to essay the role of a grave-digger, we should doubtless recover all of a sudden that, as once made apparent in "Hamlet," grave-diggers are really humorous. Numbers which particularly pleased were Godard's Second Mazurka for piano and the Schubert-Tausig Military March, rendered by Mr. De Chauvenet, and "Songbird" (Reher), for violin, played by Mr. Reher, and Gounod's "O Divine Rejoice," sung by Mrs. De Chauvenet, soprano. Her voice was also heard to advantage in Bishop's "Gentle Lark."

Attempts of Scientists to Obtain Advance Information of Storms.
[Toronto Globe:] When scientists unlock a door to nature's limitless treasure of secrets no one can predict the practical uses that will be made of the new knowledge. The air has never been as fascinating or inviting as the ocean in the quest of knowledge, but the United States Weather Bureau is moved to embark in extensive research work in the still inexplicable vagaries of the atmosphere. Ten years ago the first efforts were made at Mt. Weather, in Virginia, to obtain advance information of storms approaching from the west. This practical work is enlarged and superseded by the work of the investigating station at Omaha, where the upper ocean will be continually explored by balloons and box kites. Kites will be put up in series, with miles of plane wire, a new kite being added whenever the wire seems heavy. Electric appliances will be attached for registering the atmospheric conditions of pressure, humidity and temperature. For altitudes above the reach of kites small rubber balloons can now be used, their reach being determined by the durability of the rubber. Inflated with hydrogen gas, they ascend rapidly, expanding as the air pressure lessens. Altitudes of more than twenty miles have been reached in California. When the balloon bursts a small parachute lowers the recording instruments safely, and an attached tag requests the finder to forward them to the Weather Bureau. So far none has been received, all such yieldings to the insatiable thirst for knowledge practical thoughts are awakened. Aerial navigation, now in its infancy, may receive unexpected aids from the knowledge so long concealed in the rarefied heights.

Little Theater.
Owing to the great success achieved by Ossip Dymov's "NJU" the play will be continued throughout the present week at the Little Theater, ending with the popular priced performance Sunday night. The efforts of the Drama League and similarly interested organizations have been noticeably disheartening, and the growing numbers of persons from the outlying suburbs who have visited the Little Theater during the past week all warrant the continuation of "NJU."

Clune's Broadway.
Mary Pickford in "Less than Dust" is now in its second week at Clune's Broadway. Hundreds have so far viewed the picture, pronounced the best the popular favorite has ever appeared in.

Not only is the story gripping and appealing one, but the star appears to the very best advantage, and the photography and settings are colorful and satisfactory.

Isadora Duncan III.
Just as we are getting all hot up over the Isadora Duncan engagement at the Mason, taking our opera cloaks and top-hats out of moth-bait, and sending in our mail orders, along comes the disheartening news that Miss Duncan's appearance

ernoon laughed with free heartiness; yet, like all made-to-order plays, this one suggests that perhaps a woman star should get her dramas from her dressmaker and order her gowns from her playwright with better results.

COMEDY UPPERMOST IN THE OFFERINGS OF WEEK.

By Grace Kingsley.

All the actors of serious screen drama appear to be taking a vacation from emotion, and are appearing in comedy this week. Richard Bennett, for instance. We haven't seen him on the screen since "Damaged Goods." And now he comes along in a comedy of pungent quality at the Superior. "Philip Holden Waster" which places him right up in the Douglas Fairbanks class of fun-making. The story is of a neurotic, well-bred, young man, who refuses to take life seriously until he suddenly decides to make good as a business man, when the fun begins. Bennett has an infectious vivacity of spirit, a nice sense of comedy values which make him tremendously popular in such roles as the one in which he appears this week. Rhea Mitchell is entirely charming as the girl, and the remainder of the company is adequate. The photoplay is an American feature.

Symphony.
Francis X. Bushman whom we last saw as "Romeo," is also comedying this week at the Symphony in "In the Diplomatic Service." Bushman also is a young man from whom his relatives expect nothing. Then he sees a chance to do some neat secret service work

ORANGE CROP BIG AND PRICES HIGH.

LOOKS AS IF IT WOULD BE BANNER YEAR.

Christmas Pool of Oranges will in All Likelihood be Largest in History of the Southland and of Very Good Quality—There Were Very Few Culls.

[LOCAL CORRESPONDENCE.]

EAST REDLANDS, Nov. 12.—There will be more money for the growers in the Christmas pool of oranges this year than ever before, if the oranges continue to advance in the next two weeks as they have in the past two weeks. The fruit is rapidly turning to a golden color and there is no doubt but that a large amount of it will be ready for the Christmas trade. The oranges will also bring good prices, it is believed. The shipping companies have had chemists at work for about a week testing the oranges to see whether they will pass the 8-to-1 test and chemists at work for about a week testing the oranges to see whether they will pass the 8-to-1 test and chemists at work for about a week testing the oranges to see whether they will pass the 8-to-1 test.

Fruit growers say that the percentage of culls this year promises to be the lowest of any large crop in many years. There has been but little wind during the past month and the oranges have not been bruised as is so often the case. The fruit will also run to the sizes that market well, the trouble last year being that the fruit ran to such large sizes that it was difficult to market it to advantage.

The crop is a large one throughout the county, and many packing houses that were idle last year are to be opened this year. The fruit workers are beginning to come from the north, where they spent the summer.
